

Equal Protection Against Corrupt Management and Corrupt Union Officials for All,

Including Valley Transporting Authority's Employees!

VTA employee's pay taxes just like anyone else and they deserve no less protection.

NLRB and PERB have jurisdiction over private and government entities
BUT NOT OVER SANTA CLARA VALLEY TRANSPORTATION AUTHORITY.

Don't let equal justice be for employees that can afford expensive attorney fees.

Help us to change the law. Contact your State Assembly Person and Governor's office and ask them to change the law.

It is beneficial to tax payers and employees.

Some of the benefits to taxpayers and employees as a result of making this change:

- ◆ More efficient organization since employees would be more comfortable to participate and speak up freely.
- ◆ Healthier and a Democratic environment to work.
- ◆ Better Management of Our Tax Money.
